1. Client rights and informed consent
2. Confidentiality and its limits
3. Competence and ongoing professional development
4. Supervision and consultation
5. Research ethics and integrity
6. Handling conflicts of interest

Adherence to these standards ensures accountability and promotes public trust in helping professions.

Addressing Specific Ethical Issues in Practice

Confidentiality and Its Limits

Maintaining client confidentiality is a cornerstone of ethical practice. However, situations often arise where confidentiality must be breached, such as:

1. Threats of harm to self or others
2. Suspected abuse or neglect
3. Legal obligations or court orders
4. Client consent for disclosure

Professionals must clearly communicate these limits to clients and document disclosures appropriately to uphold ethical standards.

Managing Dual Relationships and Boundary Issues

Dual relationships occur when a professional has multiple roles with a client, risking conflicts of interest or exploitation. Strategies to address this include:

1. Assessing the potential for harm before engaging in dual relationships
2. Establishing clear boundaries from the outset

3. Seeking supervision or consultation when dilemmas arise
4. Referring clients when dual relationships compromise objectivity

Informed Consent and Cultural Competence

Securing informed consent involves explaining the nature of services, potential risks, and client rights. Cultural competence enhances this process by:

1. Understanding clients' cultural values and beliefs

2. Avoiding dual relationships via social media
3. Being transparent about online interactions
4. Ensuring confidentiality and privacy in digital communications

Self-Care and Ethical Responsibility

The Role of Personal Well-Being

Helping professionals are ethically obligated to care for their own mental and physical health. Burnout can impair judgment and reduce the quality of care. Strategies include:

1. Engaging in regular supervision and peer consultation
2. Practicing self-reflection and mindfulness
3. Setting realistic workload expectations
4. Pursuing ongoing professional development

Ethical Imperatives for Self-Care

Professional codes explicitly highlight self-care as an ethical duty, recognizing that practitioners cannot effectively serve clients if they neglect their own well-being.
