The Structure of the American Government

The United States operates under a federal constitutional republic framework, characterized by a division of powers among various branches and levels of government. This structure ensures a system of checks and balances designed to prevent the concentration of power.

The Three Branches of Government

1. **Legislative Branch:** Comprising Congress, which includes the Senate and the House of Representatives, responsible for making laws.

While the federal government handles national concerns such as defense, foreign policy, and interstate commerce, states manage local issues like education, transportation, and public safety. This multi-layered governance fosters diversity and regional autonomy.

Political Parties and Electoral System

American politics is predominantly shaped by two major political parties: the Democratic Party and the Republican Party. These parties often define policy

debates and electoral contests, although third parties and independent candidates also participate.

2. **National Conventions:** Parties officially nominate their presidential candidates.
3. **The General Election:** Held every four years for the presidency and every two years for Congress, where citizens cast their votes.
4. **Electoral College:** The mechanism that elects the President based on state-by-state votes, consisting of electors pledged to candidates.

Current Political Landscape and Key Issues
